Q.XIII

Introduction:

COVID-19 is a pandemic disease. It has led a dramatic loss of human life worldwide. It created massive loss to the whole world. It entered India in the month of March 2020. COVID-19 affected on public health, food system and the world of work.

It created major loss to the business and financial institutions. Millions of people in the world fell in the risk of falling into the extreme poverty. Millions of people were undergone into the loss of their livelihoods due to this pandemic disease. This pandemic disease has been affecting on our food system. Especially it has affected on daily working labours.

We saw the lockdown system for the first time in our life due to this COVID-19. We faced many problems in our house, area, villages, towns, cities, states and in many countries of the world. The whole world faced many difficulties due to this COVID-19. But one major benefit has been created by this disease is that we the members of our family spent time together for many days in lockdown time. The pollution came into control in this lockdown time. We lost some of our relatives by this COVID-19.

Conclusion:

We must rethink the future of our environment and tackle climate change and environmental degradation with ambition and urgency. Only then we can protect the health, livelihoods, food security and nutrition of all people.

Q.XIV

38. From,

Nuthan

GHS, Hosapete

Date : 24.02.2022

Dear uncle,

I am very well with my study and also health. How are you? I felt very happy when I saw your gift. You have presented me my favourite gift which is very nice and beautiful. I have shown it to my all friends. They also liked it and felt very happy. Once again I thank you my dear uncle for presenting a wonderful gift.

Convey my regards to my lovely aunt.

Yours lovingly,

Nuthan.

To,

XYZ
