Activity 33.2:

Collect facts about the life and achievements of Jawaharlal Nehru, the first Prime Minister of India and write a short passage about him.

Answer:

Jawaharlal Nehru was born on November 14th, 1889, at Allahabad. His father, Moti Lal Nehru. He had his primary education from English tutors at home. He was sent to England for high school studies. He took up education in law.

His greatest desire was to set India free. Under the guidance of Mahatma Gandhi, Jawaharlal Nehru took an active part in the freedom movement. He was sent to jail many times. He was elected president of the Indian National Congress in 1929.

When India attained freedom in August 1947, he became the prime minister of the country. His astute leadership and global vision brought progress, prosperity and respect for the country. He laid the foundations of democracy. In 1961, the Panchsheel Agreement was signed between India and China.

Activity 33.3:

Write about an interesting/ fun experience in your life.

Answer:

An exciting experience in my life:

Last month, a friend came to visit from Bangalore. Although she intended to spend some time with me. Since my friend and I share the same interest in traveling, I planned a trip to Delhi with her.

Since 2021, I hardly got a chance to get out of my house, just like millions of other people. Considering that covid-19 cases began declining in my area, I made the most of this opportunity and planned a week-long trip.

One of the reasons why this was the best experience of my life so far was because this was my first trip with a friend. So far, I have only travelled with my family. But, this time, I experienced life and came across the world on my own. Right from booking hotels to deciding upon transportation, my friend and I did everything independently. In the end, I received utmost satisfaction from this trip. And, no doubt, in the future, I will plan a lot of solo trips as well.
