Farewell Speech for College Students

Good morning to one and all present here. Today is the day we venture out into the world as adults. And none of this would have been possible if not for the efforts put in by the teachers in moulding us to be the people we are today!

I remember being very nervous on the first day of college; I did not know anyone nor was I familiar with the surroundings. Today, standing here on this podium, I can name everyone present here. You people are the reason I have many memories, some bitter, some sweet, but none that I will forget.

I have immense gratitude towards all my teachers, my colleagues and my juniors. These people have built me up and enabled me to see myself. I have discovered my true potential and I don't think it would not have been possible without any of you.

My dear teachers have taught me more than what is taught in books. Knowledge such as this is invaluable and it cannot be acquired anywhere else. My colleagues have taught me how to be a better individual. I have learned how to empathize and care, and be the better man (or woman).

When I walk out that gate, with my colleagues, it won't be the last time. Every time we return, we will bring in stories of how you moulded us to reach the heights and summits of new horizons.

Thank You!

Farewell Speech by Students on Farewell Party Sample 2

Good evening to our esteemed Principal, respected teachers, dear juniors, sweet colleagues, and fellow classmates. As I stand before you on this special occasion of our farewell party, I am filled with mixed emotions. We have had a wonderful journey in this school from the day we enrolled to this very moment when we are bidding farewell to our beloved institution. We have completed our 12th grade, and it is now time for us to move on to college to pursue our chosen professions.

Throughout our time here, we have received tremendous support and guidance from our teachers, who have nurtured and groomed us to become responsible individuals. Their dedication and commitment to our education have instilled in us valuable life skills and manners that we will carry with us always.

We had started at the school many years ago, but it felt like yesterday, and the time had come to leave. This school's educational climate is disciplined, cool, and motivating. We really enjoyed it. We gained various experiences as well as a strong education. I'd like to share some amusing stories with you. In my childhood, I was really mischievous and frequently teased my classmates. However, due to my

class teacher's gentle teaching style, all of my poor behaviors were transformed into positive ones. I am grateful to all of the teachers who helped me become an excellent student.

I recall all the good and horrible times I had with my friends, such as loud laughter, foolish jokes, reading novels, eating other people's lunchboxes, sprinting on the streets, doing stair competitions, making fun of pals, and so much more. All of these memories are priceless to me and will live on in my heart. The school served as a second home for us, where we created our destiny. I'm not sure if I'll see my pals again, but I'm confident I'll stay in touch with them via social media sites like Facebook, email, Twitter, LinkedIn, Skype, and so on.

I'd like to express my gratitude to the professors, my friends, and the juniors for their love and friendship. I'd also like to apologize for all of my poor behavior.

"Hello everyone! Thank you for joining me today as I say goodbye to you all. It has been 15 years since I joined ABC Company and I have loved every moment of it. Thank you for always being the backbone of this company's success.

When Ramesh first hired me, we were only a small team of eight people trying to juggle every little part of the business. Today we have grown to a team of over forty people in three different regions in India.

I cannot express how proud I am to see your dedication and commitment to your work. Thank you, Ramesh, for believing in me! You have been a great mentor and I will always cherish the lessons you have taught me.

Before I sign-off, I want to say a big thank you to the team. Even in times when I doubted myself, you were patient and understanding with me. You all are my biggest cheerleaders! I will deeply miss you as I take time to think about my next career move.

Thank you again! And best of luck!"
