II. Write an essay on any one of the following: 1x4=4

- a) Save forests, save life
- b) Cleanliness and Hygiene
- c) National Integration

Answer: a) Save forests, save life

Introduction:

Trees are very precious. Without trees, life on Earth is impossible; but people do not seem to understand its value. We have to save forests to continue the survival of human race.

The Importance of Saving forests:

Trees should be saved as they provide us with food to live. Trees and deep forests are the sinks of Carbon Dioxide – a greenhouse gas and the producers of Oxygen without which life on earth can't sustain. Trees give us shelter. Most of our home decor and furniture are made of tree barks. Trees are also a source of fuel. Trees give us medicine. Trees give us rubber, clothes, and many more which the humans are dependent on.

Conclusion:

We can survive on earth only due to the presence of oxygen, water, as well as trees. They are one of the critical sources of water and oxygen on the planet. It is our responsibility to save tree, or otherwise, we have to get ready to face the consequences.
