29. English plays an important role in communicating. It is a wonderful game of matching words with the brightest thoughts in our mind. So that they come forth and come true.

30. In this picture we can see a class room teaching. A teacher is teaching his students. He is using modern technology for teaching. He is showing graph on the screen. Now a day teachers are using projector and screen instead of black board. Smart class are very useful to learn with audio visual notes. This is very effective method to learn. The smart classes help teachers to deliver lectures more effectively. It has a digital board, projectors, computers, LED, internet facility etc for imparting quality education.

31. A. 3-4 - 1 - 5 - 2-6

32. Once twelve fools set on a journey. On their way they came across a river. Since there was no other alternative they had to cross the river. After crossing the river, they counted themselves. But they got troubled to find one man lost. One by one every fool counted the others but always forgot to count himself. So they thought that they were left eleven in number. They suspected that one of them might have drowned in the river. Meanwhile one man was passing from there. Seeing them troubled that passer-by offered his help to them. He started counting them and gave each a blow on the back. The fools counted twelve strokes. It made them fully satisfied.

Moral: Foolishness is a threat to life.

33. Subhas Chandra Bose was born on January 23 in 1897. He was popularly known by the name of Netaji. He studied in Cambridge university. He was one of the most prominent leaders of Indian independence movement. His well-known book is 'The Indian Struggle.' He died on 18th August 1945.

### **a) Environment Pollution**

Introduction:

Our environment encompasses everything around us: the air we breathe, the water we drink, the plants and animals, and the various elements like temperature, precipitation, light, and heat. A healthy environment is fundamental to ensuring a healthy life for all living beings.

*Causes of Environmental Pollution:*

1. Overwhelming pressure on the environment.
2. Deforestation and reduction in precipitation.
3. Destruction of wildlife habitats.
4. Utilization of pesticides and fertilizers leading to soil contamination.
5. Escalating emissions from vehicles contributing to air pollution.

*Effects of Pollution:*

1. Pollution has facilitated the spread of diseases.
2. The ozone layer depletion.
3. Noise pollution adversely affects our ears and mental well-being.
4. Pollution promotes an unhealthy lifestyle.

*Conclusion:*

The ramifications of environmental pollution are immensely harmful. A healthy life necessitates a healthy environment. Therefore, it becomes imperative for us to safeguard and preserve our environment, recognizing our responsibility towards its protection.

To,

The Executive Engineer

KPTCL, Koppal

Respected sir,

Subject: Regarding irregular power supply in our city.

This is to bring to your attention that my area is suffering from frequent power failure for the last couple of months. The power goes off for either really long hours or whole night and now that so many people are working from home they are being inconvenienced.

So I urge you to look into the matter and give it your due consideration.

Thanking you

Yours sincerely

Gouri/Gagan
